**Independent Accountant's Report on
Applying Agreed-Upon Procedures**

To the Honorable Mayor
and Members of City Council:

We have performed the procedures enumerated below which were established pursuant to Chapter 11.6 of the Code of Iowa enacted by the Iowa Legislature to provide oversight of certain Iowa cities. Accordingly, we have applied certain tests and procedures to selected accounting records and related information of the City of Dayton for the period July 1, 2013 through June 30, 2014. The City of Dayton's management, which agreed to the performance of the procedures performed, is responsible for the City's records.

This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and the standards for attestation engagements contained in Government Auditing Standards, issued by the Comptroller General of the United States. The sufficiency of these procedures is solely the responsibility of those parties specified in the report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

The procedures we performed are summarized as follows:

1. We reviewed selected City Council meeting minutes for compliance with Chapters 21, 372.13(6) and 380 of the Code of Iowa.
2. We reviewed the City's internal controls to determine if proper control procedures are in place and incompatible duties, from a control standpoint, are not performed by the same employee.
3. We reviewed security bond coverage for compliance with Chapter 64 of the Code of Iowa.
4. We obtained and reviewed the City Clerk's financial reports and selected bank reconciliations to determine whether the bank balances properly reconciled to the general ledger account balances and monthly financial reports provided to the City Council.
5. We reviewed City funds for consistency with the City Finance Committee's recommended uniform chart of accounts and to determine required funds and fund balances are properly maintained and accurately accounted for.
6. We reviewed the City's fiscal year 2014 Annual Financial Report to determine whether it was completed and accurately reflects the City's financial information.
7. We reviewed investments to determine compliance with Chapter 12B of the Code of Iowa.
8. We reviewed compliance with Chapters 12C.2, 12B.10B and 556.1(12) of the Code of Iowa pertaining to required depository resolutions, investment policy and reporting of unclaimed property to the State of Iowa.

9. We reviewed debt, including general obligation and revenue bonds/notes, and related transactions for proper authorization and compliance with Chapters 75, 384 and 403.9 of the Code of Iowa and to determine whether the debt and related proceeds and repayments were properly accounted for.
10. We reviewed and tested selected tax increment financing (TIF) transactions, including receipts, disbursements and transfers, for compliance and accurate accounting, including compliance with the TIF reporting requirements of Chapter 384.22 of the Code of Iowa.
11. We reviewed the City's TIF debt certification forms filed with the County Auditor, including requests for collection of reduced TIF amounts and to decertify certain TIF obligations, as applicable, for proper support and compliance with Chapter 403.19 (6) of the Code of Iowa.
12. We reviewed and tested selected receipts for accurate accounting and consistency with the recommended chart of accounts.
13. We reviewed and tested selected disbursements for proper approval, adequate supporting documentation, accurate accounting and consistency with the recommended chart of accounts and compliance with the public purpose criteria established by Article III, Section 31 of the Constitution of the State of Iowa.
14. We reviewed transfers between funds for propriety, proper authorization and accurate accounting.
15. We reviewed and tested selected payroll and related transactions for propriety, proper authorization and accurate accounting.
16. We reviewed the annual certified budget for proper authorization, certification and timely amendment.

Based on the performance of the procedures described above, we identified various recommendations for the City. Our recommendations are described in the Detailed Recommendations section of this report. Unless reported in the Detailed Recommendations, items of non-compliance were not noted during the performance of the specific procedures listed above.

We were not engaged to and did not conduct an audit of the City of Dayton, the objective of which is the expression of opinions on the City's financial statements. Accordingly, we do not express opinions on the City's financial statements. Had we performed additional procedures, or had we performed an audit of the City of Dayton, additional matters might have come to our attention that would have been reported to you.

This report, a public record by law, is intended solely for the information and use of the officials, employees and citizens of the City of Dayton and other parties to whom the City of Dayton may report. This report is not intended to be and should not be used by anyone other than these specified parties.

Detailed Recommendations

City of Dayton
Detailed Recommendations
For the period July 1, 2013 through June 30, 2014

- (A) Segregation of Duties – One important aspect of internal control is the segregation of duties among employees to prevent an individual employee from handling duties that are incompatible. Generally, two individuals have control over each of the following areas for the City:

- (1) Cash – handling, reconciling and recording.
- (2) Receipts – opening mail, collecting, depositing, journalizing, reconciling and posting.
- (3) Disbursements – invoice processing, check writing, mailing, reconciling and recording.
- (4) Payroll – recordkeeping, preparation and distribution.
- (5) Utilities – billing, collecting, depositing and posting.
- (6) Financial reporting – preparing and reconciling.
- (7) Journal entries – preparing and journalizing.

Recommendation – We realize segregation of duties is difficult with a limited number of employees. However, the City should review its control procedures to obtain the maximum internal control possible under the circumstances utilizing currently available staff, including elected officials. Independent reviews of reconciliations should be evidenced by the signature or initials of the reviewer and the date of the review.

- (B) Journal Entries – The City Clerk has control over multiple duties within the City due to its relatively small size, including preparing and posting journal entries. It was noted that there is no independent approval of journal entries prepared and posted.

Recommendation – The City should implement procedures to have an independent person review and authorize journal entries prepared by the City Clerk. Authorization should be documented by the initials of the reviewer as well as the date of the review.
